

Here comes the sun!!! But we're still finishing up the loose ends of the year in 5th grade. Congratulations to all who participated in Battle of the Books. Six of the 12 TCS BOB students were from grade 5. YAY!

- Your child is ready to present the biography book report this week.
- In Science the biome projects will be presented orally using a rubric given out at the beginning of the project.
- We are finishing the 10 Commandments and will start our Family Life program after Memorial Day break.
- Please not the enclosed permission slip for praying the rosary in the park next Thursday. Please send the completed slip back to class ASAP.
- Math test Monday for test 14.
- Our end of the year field trip will be Monday, June 7. The Town and Village Museum, lunch in the park then a tour of the public library. Additional info will be sent home next week with a permission slip.
- Your child was given a packet of information regarding the Walk – and – Roll taking place in June. If you haven't seen it yet please look into it.
- All t-shirts orders were to be in today. If your child did not return a slip, I ordered the shirt size of the shirt he/she wore to school today.
- There will be no formal end of the year tests that need to be studied for since your child's work has been assessed throughout the year. We may have a couple of thought questions to answer that are broad based such as: If your mission in life is to be holy, what are you doing right night to achieve this goal?

Please cut below and send the slip back to class on Monday.

I have seen _____'s papers for the week.
