Why Do You Teach at Trinity?: I was subbing everyday at the high school and a teacher there heard about the opening in 1st Grade. She pushed me to talk to Joyce, walk thru Trinity and apply. I was nervous and scared! I had taught high school for 6 years, this was a huge jump. But I fell in love here. The staff are wonderful and inspiring. The kids really appreciate you and what you teach them. You leave knowing you made a difference everyday. And its fun here! We get to be wild and crazy during Catholic Schools week while encouraging the kids to really embrace their faith. I have really found a home at Trinity and now my daughter is starting in September in the Pre-K3. I want this for her, this joy, this love, this family!
